Calling for Expression of Interest (EOI)

Recruitment of Non-Government Organizations (NGOs)/ Community Based Organizations (CBOs) for Community-based Tuberculosis (TB) prevention and control activities in 2027

1. About this EOI

The National Programme for Tuberculosis Control and Chest Diseases (NPTCCD), the national focal point for TB control within the Ministry of Health, invites Expressions of Interest from eligible NGOs and CBOs to partner with NPTCCD in implementing community-based TB prevention and control activities under the Global Fund GC7 grant cycle.

2. Activity and target districts

The selected NGOs/CBOs will work under the technical guidance of the NPTCCD to implement Peer Educator (PE) led Active Case Finding (ACF) among vulnerable males engaging CSOs in three districts given below. Selected organizations will receive training on implementing this community-based activity.

The activity will be implemented in the following three (3) districts:

- Ratnapura
- Kandy
- Galle

Applicants should clearly indicate the district for which they wish to be considered.

3. Who may apply

NGOs and CBOs with an interest in TB prevention and control at community level may apply. Organizations with previous experience in community-based work and a demonstrated record in prevention activities will be given priority. Applicants should describe their relevant experience and their capacity to coordinate activities in the district(s) proposed.

4. What documents to submit

Please submit a covering letter and an organizational profile containing the following information:

a. Name, Address, Contact details of organization and its sub offices if available
b. Copies of Registration Certificates
c. Vision, Mission, Governance and Management structures strategic plan of the organization
d. Photos of the mother organization clearly indicating available sub departments
e. History of projects and programs on TB prevention
f. Bio data of key personnel attached to the organization (Executive Director, Human Resource Officer, Finance Officer, Monitoring and Evaluation Officer, Management structure and reporting responsibilities within the organization)
g. Financial statement of projects
h. Annual audit reports for the last three years and bank statements
i. Confirmations received from organizations on successful completion of projects

j. Presence of a peripheral office located outside the Western Province to coordinate district level activities.

Important: The information submitted will be used to objectively assess organizational capacity and inform the selection process.

5. Submission requirements

Expression of Interest must be submitted with a cover letter and in hard copies. The hard copies should include one original and two copies, sealed in an envelope and labelled. A complete EOI will consist of the following,

1. Cover letter
2. Organisational profile with the supporting documents listed in Section 4

Short listed NGOs/CBOs will be subjected for an interview

6. Deadline and Submission Address:

The EOI should be submitted to the following address before **23th November 2026 at 2.00 p.m.**

Address the submission to:

The Director,
National Program for Tuberculosis Control and Chest Diseases,
GFATM Project
4th Floor,
Public Health Complex,
No.555/5, Elvitigala Mawatha,
